

Now that's a **smart investment.**

An independent research firm reached out to 2,400 consumers across the U.S. to find out just how big a difference a new Therma-Tru® door makes.

The result: A stylish new Therma-Tru entry door can **increase** your home's perceived **value** by **4.2%** or **\$18,750** on average.*

Perceived value translates into curb appeal and first impressions. And that increases the chance of a quick sale – for the price you want – should you ever decide to move.

Intricate or simple.

Select the door that fits your style and budget.

Find your match.

THERMA-TRU
DOORS

www.thermatru.com

Beautiful from front to back.

Therma-Tru fiberglass doors are perfect for front *and* patio entrances. With a variety of flexible options, you can choose patio doors to complement your new home's architecture and window design. Vented sidelites let in fresh air without the need for a screen door to preserve your view and the beauty of your home.

• What a difference a door makes.

Find out how you can **increase** your new home's perceived **value** by **4.2%** or **\$18,750** on average.*

*Based on a nationwide survey conducted on behalf of Therma-Tru. For more details, visit www.thermatru.com/curbappeal.

Find your home's perfect match.

The door greets friends and protects family. As an entrance, it makes a lasting impression of beauty. As a well-designed system, it delivers long-lasting durability and reliability. That's why your builder uses Therma-Tru, the entry door brand building professionals prefer most.*

What makes our doors even more beautiful? Choice.

Your new home is unique and your door should celebrate that. A front door that complements your home's architecture can enhance its curb appeal and even its perceived value. Choose a stylish front entry door from Therma-Tru that brings out the best of your new home's style.

The beauty of fiberglass.

Therma-Tru fiberglass doors offer the authentic look and feel of real wood. But, unlike wood, fiberglass will not warp or rot. And, unlike steel, it will not dent or rust.

Lifetime Limited Warranty

We stand behind more parts and for longer than other door companies because we make or specify everything that goes into our door system. A Therma-Tru fiberglass door system is backed by the industry's most comprehensive lifetime limited warranty.

Energy Efficiency

In any region or climate, energy efficiency is key. More than 80% of Therma-Tru door and glass options are ENERGY STAR® qualified and National Fenestration Rating Council (NFRC) certified, helping save money on energy costs.

Quality Testing

Our doors, glass and components are held to high standards. We conduct thorough testing to help ensure that our products will live up to a homeowner's toughest quality and performance expectations.

*Brand Use Study, 2017 *Builder* magazine.

**Comparison of fiberglass to wood doors (both without glass).

Note: See your design consultant or visit www.thermatru.com for details on limited warranties and exclusions, and ENERGY STAR qualified products.

Classic-Craft® Premium Entryways

Express your personal style. Whether Rustic, Classic or Contemporary, you'll find a Classic-Craft® collection that fits beautifully with your personal style and new home.

American Style Collection™

Features high-definition vertical Douglas Fir grain with Craftsman styling, ideal for homes with an Arts and Crafts flair.

Mahogany Collection™

Offers rich, warm wood tones in authentic Honduran Mahogany, especially suited for European, Victorian and Colonial homes.

Rustic Collection™

Seamlessly blends Southwest and European styling with rustic wood grains to evoke Old World charm.

Oak Collection™

Features warm wood grains with the look of classic Oak, suitable for homes with Traditional styling.

Canvas Collection®

Creates a sleek, modern entryway with a smooth paintable surface for virtually unlimited color options both inside and out.

Both Classic-Craft and Fiber-Classic are rated a *Consumers Digest* Best Buy in the fiberglass entry doors category.

The look of real wood. Realistic wood grains that are virtually indistinguishable from high-grade wood doors, thanks to Therma-Tru's AccuGrain® technology.

Details that define a custom door. Crisp, handcrafted elegance creates embossments that are deeper than standard fiberglass doors.

Architecturally correct for true classic beauty.

Up to 25% wider panels*

Classic-Craft Premium Door

Standard Fiberglass Door
