The Vintage Collection has been tested to meet the criteria of a class A on the flame spread index.

MAHOGANY

DARK HICKORY

CYPRESS®

Depending on environmental conditions, AZEK® Deck colors may appear to change over time as part of the natural weathering process consistent with the warranty guarantees where applicable. All AZEK Deck products will experience weathering.

Although AZEK® Deck products are cooler to the touch than many other deck board products in similar colors, all decking products will get hot in the sun. Additionally, the darker the decking color, the hotter it will feel. For hotter climates, consider choosing a lighter color.
