

Decking Options TimberTech Edge

Add long-term, sustained value to your project with attainably priced composite boards that are built to last and backed by 25-Year Limited Structural and 25-Year Fade & Stain Warranties. EDGE™ Decking allows homeowners to worry less about upkeep while getting more life out of their deck.

Composite decking is engineered to be longer lasting and more resistant to the elements than traditional wood. With EDGE, the constant problems and costly maintenance of wood decks can be avoided so days can be spent enjoying them rather than maintaining them.

BEST Premier Collection

Charming and distinctive, Premier is designed to satisfy homeowners who are looking to upgrade from the constant and costly maintenance of wood decks. Features a dual-embossed, rough-overlay with grain texture.
