

Finish Featuring

## Lumbermen's Finish Featuring PrismaGuard® Premium Paint

Beginning in the first quarter of 2020 Lumbermen's will be introducing Therma-Tru® doors finished with PrismaGuard premium paint. With colors inspired by nature, PrismaGuard offers a color palette designed to enhance the overall beauty of the entry.

Handcrafted and perfected by professionals, this inspirational color palette features high-end, low-maintenance premium paint with a durable coating that protects the entry and preserves its color for years to come.

### Product Highlights

- Delivers a pop of high-definition color, allowing the customer to tailor the look of the entry and make a beautiful lasting impression.
- Lab-tested with specialized equipment to help ensure lasting beauty, resistance against fading and wear and tear, and protection from the elements.
- Engineered for optimal performance with Therma-Tru fiberglass doors, DuraTech jambs and most door surrounds.
- Backed by a 10-year limited finish warranty from the entry door brand building professionals choose most.\*

\*Brand Use Studies, 2019 Builder and 2019 Remodeling magazines.

Note: See your Therma-Tru seller or visit [thermatru.com](http://thermatru.com) for details on available product sizes and options, limited warranties and exclusions.

# Introducing Lumbermen's Finish Featuring PrismaGuard® Paint

## A hand-crafted step-by-step process

- 1 It starts with the smooth or wood-grained surface of a Therma-Tru® door, door frame or door surround.
- 2 A base coat provides an even, consistent color across the surface.
- 3 A durable topcoat enhances the high-definition color while protecting against scratches and color fading.
- 4 A second application of the topcoat provides added durability and optimal sheen for a high-end look.

## Finished for lasting beauty.

Add a pop of color and tailor the look of the entry to make a beautiful lasting impression.

## A high-end finish for natural beauty that protects from everyday wear and tear.

- Durable low-maintenance coating protects the door from the elements and stands up to potential damage during installation.

## Provides the quality and professionalism customers count on.

- Designed for optimal performance with Therma-Tru fiberglass doors.
- Handcrafted and professionally applied in a controlled environment for consistent results, giving you and your customers confidence and peace of mind.

## Aimed at growing and simplifying your business.

- Expands your finishing options to serve more customers with a variety of premium colors to complement home accents.
- Completes the full-system entryway package – door, glass, system components and finish – all from the entry door brand building professionals choose most.
