

# Tru-Guard™ Composite Technology

New Composite Edge Stiles

for Fiber-Classic®, Smooth-Star® & Pulse® Fiberglass Doors

**THERMA-TRU®**  
DOORS

• Six sides of protection from the elements.

**TRU**  **GUARD**  
COMPOSITE TECHNOLOGY

The uncompromising quality you've come to expect from a Therma-Tru® door, now with a completely composite exterior. New composite edge stiles with Tru-Guard™ composite technology are engineered for extra protection against the damaging effects of moisture and humidity.

## Tru-Advantages

### ■ Aimed at growing sales in moisture-prone areas.

- New composite edge stiles work together with composite top and bottom rails and durable fiberglass door skins for extra protection from water absorption, rot, mold and wood-ingesting insects on all six sides of the door.

- ❶ Composite Edge Top Rail
- ❷ Composite Edge Left Stile
- ❸ Composite Edge Right Stile
- ❹ Fiberglass Door Skin Front
- ❺ Fiberglass Door Skin Back
- ❻ Composite Bottom Rail

### ■ Designed to complement Fiber-Classic<sup>®</sup>, Smooth-Star<sup>®</sup> and Pulse<sup>®</sup> fiberglass doors for broad appeal.

- Matches wood-grained and smooth door skins for a uniform look around the edges of the door.
- Available in 6'6", 6'8", 7'0" and 8'0" heights to fit more openings.
- Available for WBDR- and HVHZ-rated Fiber-Classic<sup>®</sup> and Smooth-Star<sup>®</sup> doors that are tested to meet coastal building code requirements.

## Available Door Collections

Fiber-Classic.  
Mahogany & Oak

Smooth-Star.

Pulse.  
Fiberglass Only

## Protection From the Elements

### Resists Moisture & Humidity

Fiberglass doors with completely composite exteriors resist humidity and moisture on all six sides to help eliminate the risk of swelling and cracking.

### Resists Mold & Rot

A fully composite door does not absorb or retain moisture helping to eliminate the risk of mold and rot anywhere on the door slab.

### Resists Insects

With no exposed wood on the door, Therma-Tru<sup>®</sup> fiberglass doors with completely composite exteriors help protect from wood-ingesting insects.

## Composite Edge Stile & Rail Rider for Enhanced Warranty Protection

Therma-Tru<sup>®</sup> doors with composite edge stiles and rails featuring Tru-Guard<sup>™</sup> composite technology are backed by a lifetime limited warranty for peace of mind. In addition, these door slabs have enhanced warranty protection in the event of rotting and / or delamination and provides up to a \$300 labor allowance for residential, commercial and multi-family installations.

WBDR / HVHZ Options\*

\*Must be installed as part of a Therma-Tru door system in compliance with a Therma-Tru Impact-rated product approval. Not impact tested for use in multi-lite door style configurations. Note: See your Therma-Tru seller or visit [www.thermatru.com](http://www.thermatru.com) for details on available product sizes and options, limited warranties and exclusions, and Rider.
