

The style and quality you expect – now in the sizes you need.

We've transitioned to the U1 platform to better serve the R&R door market.

Offer the beauty and dependability of Therma-Tru® doors – the brand building professionals choose most* – in sizes that fit your local market needs.** This adjustment is designed to provide a **better fit** within the standard 82" rough opening and reduce the need for cutdowns, helping you save time and money.

What's Changing

- Door width becomes narrower.
- Hinge locations move from Standard to Timely.
- Sill width becomes narrower; sill height becomes shorter.
- Frame components and cutout templates will accommodate change.
