

Vesta Steel Siding from Quality Edge

NOW
STOCKING!

- Vesta is available in a 5" shiplap panel in 13 colors
- Made from recycled steel and able to be recycled infinitely, Vesta reduces waste and contributes to future steel products
- There are solid color and natural wood-grain options
- The proprietary Sun Master paint system is designed to maintain color and reduce fade, even withstanding harsh elements
- The plank profile supports vertical and horizontal installation
- Different colors and grains lend to endless options of staggered, mix-and-match woodgrains, bold or neutral ombré wall fades, or multi-toned applications
- Steel is fire-resistant, which helps protect the home from the outside
