Why Lumbermen's?

Employee Owned. Relationship Powered.

Lumbermen's is...

A 100% employee-owned company driven by the principles of investing in relationships, doing what's right, delivering industry-leading products and services and earning the opportunity to be the first choice of our employees, customers and suppliers.

Lumbermen's is a leading distributor and manufacturer that is driven by the goal to be "first choice" of our customers, suppliers and employee owners. Headquartered in Grand Rapids, Michigan and operating in ten strategic locations throughout Michigan, Ohio and Indiana, Lumbermen's is set apart by our 100% employee-ownership and by the diversity of the products we sell, the services we provide and the industries in which we operate.

We appreciate your business!

COUNTERTOPS

Cambria

Handcrafted with American pride, innovation, and dedication to the absolute highest quality, Cambria Quartz countertops offer a look that is worth taking note of.

The result is natural stone surfaces with stunning beauty and durability for years of flawless performance.

2020 Design tip from Cambria!

See Cambria® designs on your own countertops, islands, and more with our [Augmented Reality \(AR\) app](#).

Use Cambria [DragonVision](#) – design your perfect kitchen!

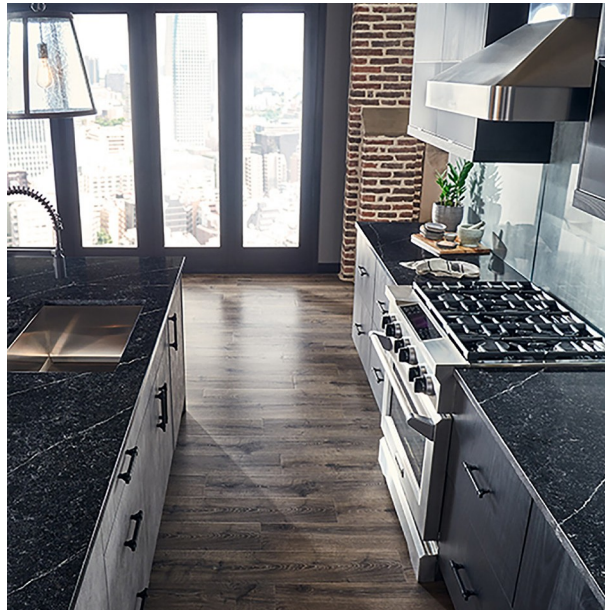

COUNTERTOPS

Quartz

Quartz countertops offer the beauty and resilience of natural quartz with many positive attributes that make them easy to care for.

Natural quartz is tough, nonporous, stain-, heat-, and moisture-resistant for an attractive surface with great durability.

Created from pure natural quartz stone, variation in color, pattern, size, shape and shade are unique and inherent characteristics of this product.

Solid Surface

For a seamless look, think solid surface. This easy-to-maintain synthetic product can be molded to fit any design specification. Solid surfaces are essentially waterproof, so they actually promote a more sanitary kitchen. Just wash with a general cleaner to remove grime.

Solid surface countertops are also durable. While a cutting board should always be used, minor cuts and scratches can be buffed out with a Scotch-Brite® pad. Due to its solid nature and composition, solid surface countertops are able to absorb more force where other materials might crack.

Dream it – Build it – See it with the Wilsonart Visualizer

COUNTERTOPS

Granite

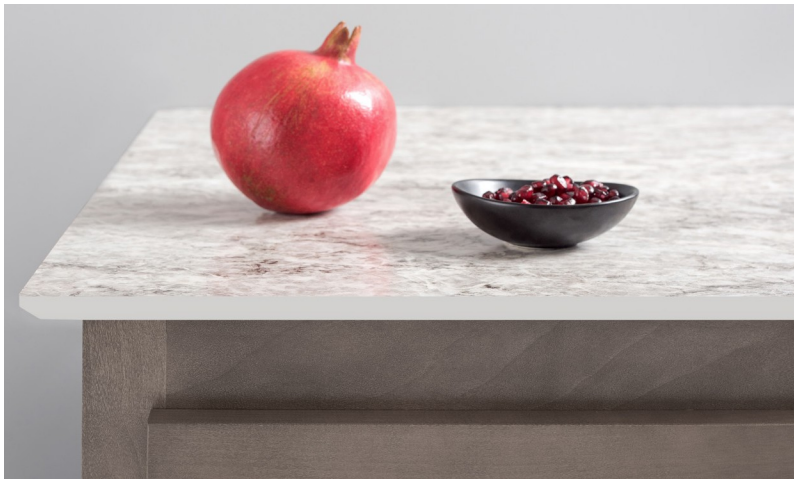

Granite countertops are among the hottest high-end options for the kitchen and bathroom, mostly due to the look. The natural appeal of stone is a timeless aesthetic. Granite is resistant to chipping, scratching and cracking. While a hot pad should always be used, granite counters are also heat-resistant.

Granite counters must be properly sealed, but when sealed according to the manufacturer's guidelines, granite countertops will resist staining and bacteria.

Not available in all markets, see your sales person for more information.

COUNTERTOPS

THINSCAPE™

THINSCAPE Performance Tops are highly durable, ultra-thin decorative slabs available in stone, woodgrain and metal designs.

European-inspired, these engineered composite tops are the perfect high-end complement to today's thinner cabinet profiles.

Highly durable and versatile, THINSCAPE's slim 1/2" construction offers impact-, scratch- and moisture-resistance that performs well beyond what comparable products can achieve.

WETWALL WALL PANELS

Wetwall Water-proof Panels

Wilsonart has created the ultimate surface when water is ever-present. Instead of tile and grout, we developed a single panel that's water-proof. Stylish. Lightweight. Simple to install. And ready for everything.

Wetwall is specifically constructed for use in Commercial and Residential applications that are in direct and indirect contact with water. Wetwall comes in 8 luxurious colors and is sold by the panel. The tongue and groove panels click together allowing for portability, easy coverage, and expansion.

FLOORING

SONO Flooring

SONO is the latest and most exciting innovation from InHaus; a waterproof floor that features stunning HD direct-to-core digital printing and a ceramic composite core that's highly stable and free of PVC, formaldehyde and phthalates.

Laminate Flooring

Laminate flooring engineered to be water resistant with HausProtect or HausProtect PRO PLUS, two protection levels for lasting performance and worry-free cleaning.

Inhaus Installation is easy!

Inhaus commitment to sustainability

ABOUT LUMBERMEN'S

M

MISSION:

To deliver industry-leading products and services to create exceptional spaces.

V

VISION:

To be first choice for our employee owners, customers, and suppliers through investing in rewarding relationships.

P

LUMBERMEN'S PROMISE

Commit to those who count on us. As employee owners, we commit to one another, our customers, suppliers, and the communities we serve. We will invest in rewarding relationships and will give back as the Lord has blessed us.

Do what's right. With a servant's heart, we will strive to do what's right in every interaction. We will cultivate a culture where the values of individual responsibility, honesty, integrity, trustworthiness, generosity, humility and grace are demonstrated by all employee owners.

Exercise sound business practices. We will make sound business decisions as an investment in the future of our employee owners and for the sustainability of the company.

Earn consideration. We will earn the opportunity to be the workplace of choice for employee owners and the first choice for customers and suppliers by striving to exceed expectations in every interaction.
