

Smooth Collection

Fresh style with a smooth finish.

Beautiful environments.

Bring fresh style to your interior spaces with the versatile appeal of our Smooth Primed Pine ShipLap. It offers sophisticated, yet relaxed style that fits well into any decor. It can be left with just the prime coat or painted.

Thoughtfully crafted.

Expertly milled and finished, Smooth Pine ShipLap planks are crafted from hand-selected solid pine, designed to install three times faster and at half the cost of salvaged wood.

Transform your interior walls, ceilings and more.

Bring the laid-back style of vintage interiors to your space, without the high cost and environmental hazards of using reclaimed wood.

Choose from smooth pine planking with the traditional 1/8-inch nickel-gap between boards or reversible MDF with a nickel-gap or v-groove profile. Made in the U.S.A.

Smooth Primed Pine

NOTE: Pine planks may experience knot bleed or yellowing over time. This is not a defect and is a natural process as wood ages.

Color will vary from board to board and lot to lot due to natural characteristics of wood. It is recommended you purchase your entire job, plus a minimum of 10% overage to ensure most consistent color.

The beauty of our planks is created by its infinite variation in character and color. Please use our samples and literature as a general guide, as every piece is unique.
