20 Year Limited Finish Warranty

Cedar Shingles Solid Color

Excellent results can be obtained by the factory application of coatings to Cedar Siding/Cedar Shingles. Our Factory finished Cedar is coated on all sides to maximize the protection from nature's harsh elements. Failure to read and follow installation instructions will void the warranty.

Lumbermen's Finishing hereby warrants that, for a period of 20 Years, our Dura-Cedar Finish System will:

- **NOT** crack, peel or blister
- **NOT** erode and expose the substrate
- **NOT** become damaged when dirt is gently hosed off
- **NOT** chalk so as to discolor surfaces below
- **NOT** yellow with age

Upon installing material, exposed cuts must be coated with a high-quality primer or top coat finish. If within the warranty period, measured from the date of installation, and upon notification and validation of the complaint by Lumbermen's Finishing, Lumbermen's Finishing confirms this product has failed in any of the above ways due to normal exposure, Lumbermen's Finishing will, at its option, either fully compensate the homeowner for the coating required to repair the siding involved or supply the coating to repair the siding involved. Only those affected areas validated by Lumbermen's Finishing will be covered. This non-prorated warranty is for coating only and does not include labor or cost of labor for the application of the product or installation of the siding. Any costs and expenses beyond Lumbermen's Finishing's above-stated liability shall be the responsibility of the owner(s).
