

# Factory Finished Colors

*State of the art coating application for enhanced beauty and lasting performance on exterior siding and trim.*

## ColorFusion™ Solid Colors

Lumbermen's Finishing can accommodate virtually any custom color request. Below are our standard solid colors.

## ColorFusion™ Semi-Transparent Colors

Lumbermen's Finishing can accommodate virtually any custom color request. Below are our standard semi-transparent colors.

Semi-Transparent colors are for application on real cedar, and are affected by the color, texture, and porosity of the wood. Colors will vary. Product should be inspected and maintained every 3 to 5 years.

Colors shown above are as accurate as possible for print. Please refer to an actual product "brushout sample" for best color representation.
