

ShipLap Collection

The clean, casual style of vintage shiplap.

Transform your interior walls, ceilings and more.

Bring the laid-back style of vintage shiplap interiors to your space, without the high cost and environmental hazards of using reclaimed wood.

This rough-hewn, prefinished planking with characteristic 1/8-inch nickel-gap between boards is made in the U.S.A. and faithfully recreates the look and feel of authentic shiplap. Extremely versatile, our ShipLap Collection creates a fresh, textural backdrop that's equally at home in modern, industrial, rustic or traditional spaces.

ShipLap Collection

The clean, casual style of vintage shiplap.

Beautiful environments.

Bring fresh style to your interior spaces with the versatile appeal of our ShipLap Collection. It's a sure-fire way to infuse the perfect blend of sophisticated, yet relaxed style into any space. A great choice for kitchens, dining rooms, bedrooms, office lobbies and other commercial spaces, ShipLap brings subtle beauty to walls, ceilings, wainscoting, fireplace surrounds, backsplashes and more.

Thoughtfully crafted.

Expertly milled and finished, ShipLap planks are crafted from hand-selected solid pine, designed to install three times faster and at half the cost of salvaged wood thanks to uniform sizing and trusted 1/8-inch self-spacing, nickel-gap construction. All planks are prefinished to eliminate the time, cost and mess of on-site finishing. All finishes are eco-friendly with low to no maintenance.

Not intended for use on floors, exposed outdoor surfaces or in areas with high humidity or contact with water. **IMPORTANT:** Always check and comply with all applicable building and fire codes. Mock-ups depicted are for illustration purposes only. Clearances required for installations adjacent to household gas cooking appliances may vary depending upon appliance type, heat output and jurisdiction.

Note: This grade of natural pine contains characteristics such as knots, splits, wane, and modest amounts of twisting, bowing and cupping. Color variation is common, and may be more noticeable around knots and heartwood. Some knot bleed, tannin bleed, color change and patina is common with finished wood products. Any characteristic that is unacceptable for your application should be cut from the piece prior to installing.
