

## NOW STOCKING

### LP WEATHERLOGIC®

Rest easy. With LP WeatherLogic® Air & Water Barrier included in your design, you'll offer your clients enhanced water resistance and increased energy efficiency - all in their beautiful new space.

#### BEAUTIFUL DESIGNS -- PROTECTED

**Keep Water Out and Energy In**

LP WeatherLogic takes care of the basics by protecting what you design from the elements. Build with confidence knowing that it'll hold up to tough conditions and provide structural integrity for years to come.

### LP® LEGACY®

LP® Legacy® Premium Sub-Flooring provides moisture-resistant sub-flooring that helps prevent liabilities that plague traditional hardwood and laminate flooring - so your designs hold up over time.

#### BUILT TO LAST

**Design with Durability in Mind**

Your clients might fall in love with the hardwood floors they'll see every day, but you'll give them confidence because of what's underneath. LP® Legacy® Premium Sub-Flooring stands the test of time, boasting superior moisture resistance that'll help them avoid the typical pitfalls of hardwood flooring.
