SMOOTH PRIMED MDF COLLECTION

## Premium Wood Planking The stunning precision of Engineered Wood Planking.

Inspired by designers, this collection of engineered laminated planks with real hardwood and reclaimed weathered boards is a perfect choice to grace commercial spaces, executive homes and offices or any space where the most immaculate details and finishes are desired.

- Hand selected and milled
- Heat laminated face on premium plywood backer
- Warm satin finish on Walnut, White Oak and Toasted Maple

#### TOASTED MAPLE

MATTE BLACK

WALNUT

WHITE OAK

This laminated T&G product is a design upgrade from solid hardwoods. The premium plywood backing and laminated hardwood face are more stable, sustainable, and easier to install than typical milled hardwoods. Our premium engineered planking meets Indoor Air Quality standards and is certified Red List non-toxic.

WEATHERED WOOD

## Premium Wood Tiles Mosaic patterns that add interest to any space.

Whimsical, cool, unique...just some of the words to describe the wood tile collection. Our craftsmen arrange the reclaimed, weathered pine into a deliberate pattern and preassemble the pieces into square grids and planked layers with a fabric backing for easy layout and installation.

- Reclaimed, real weathered pine
- Choose from square or layered tiles
- Easy layout and installation

CHAR - SQUARES

DRIFT - SQUARES

DRIFT - LAYERS

WOODSHED - SQUARES

WOODSHED - LAYERS

CHAR - LAYERS

This sustainable product is made from reclaimed pine. This grade of reclaimed, weathered pine will include characteristics such as knots, knot holes, splits, nail holes, weathering checks, and inconsistencies in texture and color. Our Premium Wood Tiles meet Indoor Air Quality standards and are certified Red List non-toxic.

### Easy BarnWood<sup>™</sup> Collection The rustic, weathered look of barn wood.

Complement any space with the rustic, natural warmth and dramatic character only found in real wood. Our unique texturing and staining process creates the look of weathered barnwood with the affordability and easy installation of new planks.

- 1 x 8 knotty pine boards
- Choose from v-groove or square edge tongue and groove
- Matching trim available
- Touch up kit available

#### STERLING GRAY

TRADITIONAL WHITE

#### COVERED BRIDGE

This natural pine product includes characteristics such as knots, broken knots, splits and some warping. Color and texture variations are also common. Expect to sort and lay out boards prior to installation to meet your specific expectations for usable material. Defects can be cut out and discarded. Depending on your specific threshold of "rustic," waste factors of 10% or more may be expected.

OLD BARN GRAY

# BrewPub<sup>™</sup> Collection

#### Accent walls and features reminiscent of breweries and distilleries.

Bars, restaurants, backsplashes, interior barn doors, game room accent walls and offices are all popular destinations for this industrial look. Barrels and brews inspire the collection with a carefully selected color variation that aims to create spaces with character.

- Smooth tongue and groove pine
- Packaged in bundles of 6 with deliberate ratio of dark, medium and light colors
- Matching trim available (comes in the darkest tone of each palette)
- Touch up kit available

WHISKEY BARREL (3 medium, 2 light, 1 dark planks per bundle) (Optional red accents sold separately)

COFFEE STOUT (3 dark, 2 medium, 1 light plank per bundle)

### Smooth Pine Collection Classic, versatile 1x6 tongue and groove.

Upgrade any room in your house, cottage, or cabin with "the original" paneling profile. We make it even better with the option of classic v-groove or a more modern nickel gap edge. Select from our rich heavy-bodied stain colors for a warm, dramatic wall or ceiling, or go all-natural with our satin clear urethane finish. For a more modern, bright look choose the finished finger joint pine plank in solid Pure White or a custom solid color of your choice.

- 1 x 6 tongue and groove
- Choose from v-groove or nickel-gap edge joint •
- Matching trim available in Saddle, Buckhorn and Smokestack
- Touch up kit available

SADDLE

SMOKESTACK

BUCKHORN

PERFECTLY CLEAR

This is a natural pine product that will include characteristics such as knots, broken knots, splits and some warping. Color and texture variations are also common. Expect to sort and layout boards prior to installation to meet your specific expectations for usable material. Defects can be cut out and discarded. Depending on your specific threshold of "rustic," waste factors of 10% or more may be expected.

PURE WHITE - FINGER JOINT PINE

Custom solid colors are available in Finger Joint (Paint Grade) Pine. Special order with a 500 square foot minimum.

## ShipLap Collection The fresh, casual style of vintage shiplap.

This highly versatile textured planking is a timeless choice that works equally well in modern, industrial, rustic and traditional spaces. Replicate the relaxed warmth of vintage shiplap planks without the hassle and expense of acquiring salvaged wood.

- Textured and stained on fresh pine boards
- Simple overlapping 1 x 6 profile
- Self-spacing nickel gap leaves a crisp shadow line
- Matching trim available
- Touch up kit available

SAND DUNE

This is a natural pine product that will include characteristics such as knots, broken knots, splits and some warping. Color and texture variations are also common. Expect to sort and layout boards prior to installation to meet your specific expectations for usable material. Defects can be cut out and discarded. Depending on your specific threshold of "rustic," waste factors of 10% or more may be expected.

## Rustix<sup>™</sup> Collection Recreate the rustic, weathered beauty of aged wood.

Rustix offers a much more refined wall covering than your typical "palletwood" project boards. Our stain and dye process creates a weathered patina in three color offerings, and these easy-to-install roughsawn planks give shockingly good results on a more modest budget. Use Rustix on a wall, ceiling, accent nook, or column wrap - you'll be surprised how much they can elevate a room.

- Our most affordable collection
- Easy to use 4' boards
- 8 boards per package covers 10 square feet

#### BEACHWOOD

SMOKEWOOD (3 light gray, 2 dark gray, 3 brown planks per bundle)

SILVERWOOD

PLANK SIZE	3/8 × 4
PLANK LENGTH	48"
ТҮРЕ	Solid pine
EDGE PROFILE	Square-edge
COVERAGE	10 sq ft per 8-board bundle

## Smooth Primed MDF The affordability and versatility of Medium Density Fiberboard.

MDF is a common material used for trim, cabinets and other materials. The super smooth finish and clean lines add style and dimension to any room.

- Choose from 1 x 6 or 1 x 8 in a reversible board
- Installed with either the v-groove or the nickel gap facing out
- Field coat with any flat, satin or gloss latex finish in your color of choice

PRIMED WHITE

MDF planking is best used in interior areas where moisture is minimal. Wet basements, bath and laundry washing areas, backsplashes, covered porches, and exterior ceilings/soffits are some applications to avoid.

## Beams and Mantels Collection Premium Engineered Wood

Beams are a great way to add interest and architectural detail to just about any space in your home. These hollow box beams use real wood but are lighter and easier to install than solid wood beams. They are excellent at designing around existing structural, electrical or plumbing elements.

Beams and mantels can be ordered as a stand-alone feature or can be used to complement our premium planking.

- Plywood base with hardwood or reclaimed wood laminate top
- Lightweight
- Easy to install
- Custom built to your specifications\*

TOASTED MAPLE

#### Beams and Mantels Collection Finished Fypon Foam

Capture the rustic nature of authentic timber at a lower cost and with easier installation. Exposed structural rafters and wiring can easily be concealed with these ultra-light, easy to install foam beams available in either a rough sawn or hand-hewn texture. Beams are hand stained and boxed for maximum protection to the jobsite.

- Ultra-lightweight
- Easy to install
- Touch up kit included

ROUGH SAWN

HAND HEWN

#### NEW EARTH

Foam beams are non-structural and require careful handling to avoid damage to the sides and ends. Foam is easy to cut and install. Dents, nicks, and scrapes will require some touching-up with the supplied touch up kit.
