

History Timeline

Expanded territory to add a division in Cadillac, MI to better serve northern MI.

Expanded to offer services in Ohio by adding a division in Toledo, OH.

Acquired Shelby Dealers Supply in Shelbyville, IN, adding Indiana to our footprint.

Diversified business beyond distribution to value-add manufacturing by launching Laminations Plus (LP) and Counter Solutions - manufacturing and installing laminate, solid surface, and stone countertops and other laminated products.

Established Entry Door segment further diversifying our manufacturing offerings to include custom exterior entry door fabrication with value-added paint and stain finishing.

Expanded offerings in LP division to include work surfaces case goods components predominantly for the office furniture industry.

Acquired Top of the World Granite to increase our market share in the stone and solid surface fabrication and installation industry in West Michigan. Grew to over 500 employee owners!

1955

Lumbermen's Pickup was found by brothers John, Henry, and Paul Bouma. Our name was very literal as Lumber Men (lumber dealers) came into Grand Rapids to pick up their material.

1971

1973

Added a second business segment, Specialty Products, to offer full-line kitchen and bath distribution. Expanded territory to add a division in Saginaw, MI to serve eastern MI.

1983

1984
