# Why Lumbermen's?

## Lumbermen's is...

A 100% employee-owned company driven by the principles of investing in relationships, doing what's right, delivering industry-leading products and services and earning the opportunity to be the first choice of our employees, customers and suppliers.

Lumbermen's is a leading distributor and manufacturer that is driven by the goal to be "first choice" of our customers, suppliers and employee owners. Headquartered in Grand Rapids, Michigan and operating in ten strategic locations throughout Michigan, Ohio, Indiana and Northern Kentucky, Lumbermen's is set apart by our 100% employee-ownership and by the diversity of the products we sell, the services we provide and the industries in which we operate.

**We appreciate your business!**

## Railing Style Guide

The Building Materials industry has grown and changed over time, making your decisions more complex than ever. All of the options available might make it difficult to select just the right product to create the perfect space.

We want to make it easier! The Railing Style Guide will give you a snap-shot of all of the most popular railing styles in one place with similar information for each to help you compare and select the railing system that is right for your project.

## TimberTech by AZEK RadianceRail Express

Simple. Sculpted. Timeless.

### Features:

Enjoy the look of the most sought-after TimberTech railing at a value-focused price point with RadianceRail Express. This look, reminiscent of traditional RadianceRail, pairs with 4" x 4" post sleeves and composite balusters in three color options for a quick and easy installation with the look and feel of solid painted wood.

- Rail packs come in 6' or 8' sections that are pre-routed and include top rail, bottom rail and mounting hardware
- Baluster packs come in 36" or 42" square Composite or round Aluminum
- Routed baluster receiver for easy installation, passing all code requirements
- Post Covers in 4" x 4" and available in 39" and 8' lengths
- Exposed color-matched mounting hardware and clean and simple post, cover, caps and skirts
- System can be installed at 45 degrees without unsightly overhangs on the post cover
- ADA Compliant Handrail available
- SmartSets available\*
