TOP-PERFORMING COATINGS

Lumbermen's uses PPG DuraColor Factory Finish, formulated with solar reflective pigments and applied and oven dried in a controlled environment for the best finish possible.

PAINTPRO[®] TECHNOLOGY

AZEK's proprietary PaintPro surface preparation is a factory treatment that helps paints dry faster, adhere stronger, and last longer. No sanding or priming required.

Available in the following sizes

(sub-bundled with slip sheeting between faces and sold in packs of 2)
