## CertainTeed Roofing

- Landmark
- LandmarkPro
- NorthGate ClimateFlex
- Choose from a variety of color options
- Strong and durable to resist weather

## CertainTeed Luxury Shingles

Luxury shingles are the highest-quality laminated shingles available, offering a differentiated appearance and functionality that outclasses dimensional shingles. These products offer the most realistic representation of the old-world wood shake and quarried slate roofing.

## Westlake Royal Celect Siding

- Durable – won't rot, split, crack, warp, twist, blister, flake, peel, delaminate or suffer loss of structural properties due to termites, microbiological growth or other decay
- Celect Canvas for custom color finishing with ColorFusion
- Cellular Composite
- Virtually seamless

## LP® SmartSide® Siding

- **Stocking LP SmartSide & Trim in primed**
- **LP SmartSide ExpertFinish:**
  - 3/8" x 8" siding in 16 stocked colors
  - Shiplap end for faster installation
  - Trim and shingle panels stocked in several colors
  - 15-year coating warranty
- **LP SmartSide ColorFusion™ by Lumbermen's:**
  - Unlimited custom colors on the entire LP SmartSide catalog of siding and trim – woodgrain and smooth
  - 30-year coating warranty

## AZEK Exteriors

- **AZEK Siding and Trim**

- 100% protected, inside and out, from both water exposure and absorption; engineered polymers don't rot like organic wood
- Flexible and durable to prevent jobsite breakage
- Stocking White PVC Trim, Moulding and Sheets

- **AZEK Trim and Siding with PaintPro® Technology**

- Ready to paint. No sanding or priming and faster dry times.
- Superior bond with paint reduces chipping, cracking.
- Low-maintenance without the need for constant repainting.

- **AZEK PaintPro® ColorFusion Prefinished Siding and Trim**

- Always consistent - no knots, cupping or irregularities.
- PaintPro® Technology help paints adhere stronger and last longer than an ordinary, untreated PVC.
- Lumbermen's uses DuraColor Factory Finish from PPG, applied at manufacturer-specified-mil thickness and oven dried for consistency.
- Available in 16 colors

**Now Stocking 11:59 Black!**

## QE TruCedar Steel Siding

- The real look of cedar siding in a durable, easy to maintain steel construction
- The look of real cedar wood shakes in various stages of aging
- Several siding sizes are available as well as accessories

## QE Vesta Siding

- Vesta is a steel planking system inspired by the sleek aesthetic and weather-tight performance of shiplap
- Eight interchangeable solid hues
- Four versatile and variegated woodgrains to choose from

## Lumbermen's ColorFusion Factory Finishing

Factory applied semi-transparent and solid color finishes for greater convenience, less cost, and better warranties than field-applied finishes. See Lumbermen's ColorFusion color brochure, or we can provide any custom color you would like on LP SmartSide, Real Cedar Shingles and Azek PaintPro.

# Real Cedar Shingle Siding & Cedar Valley Shingle Panels

Western Red, Alaskan Yellow, and Eastern White Cedar shingles for a variety of finishes and exposures.

Cedar Valley panels are preassembled 8' shingle panels with real Western Red Cedar.

# Typar® HouseWrap

A nonwoven composite fabric, reducing the chance of exterior water and air from entering the wall cavity while allowing moisture vapor from inside the home to escape the wall cavity.

# GCP Roofing Underlayments

Grace Ice & Water Shield, Grace Ice & Water Shield HT and Grace Select are all designed to meet your project needs. GCP offers protection against wind driven rain to thermal stability in any conditions, and more with a proven marketplace track record.
