

Anatomy of a Roof

Waterproof Underlayment: Waterproofing shingle underlayment prevents leaks from wind-driven rain and ice dams.

Water-Resistant Underlayment: High-performance underlayment provides a water-resistant layer over the roof deck and a secondary barrier against leaks.

Starter Shingles: Perfect starts every time, designed to work in tandem with the roof shingles.

Roof Shingles: Choose the best, covered by the strongest warranty in the business.

Hip & Ridge Caps: Perfect finish for hip and ridge lines, complementing all CertainTeed shingles.

Roof Ventilation: Engineered for ideal roof ventilation, especially when matched with CertainTeed intake vents.

Drip Edge: Directs water away from the fascia and into the gutter.
