MANTRA™

Your MANTRA™ user experience is our priority. The MANTRA Pricing and Specification Guide features hyperlink navigation, so you can quickly locate product specific to your project.

- The Indexes contain links to each unique product.
- The main Table of Contents contains links to the beginning of each section.
- The secondary Table of Contents at the beginning of each section contains links to product subcategories.
- Return to the beginning of each section by clicking on the title inside the black tab.
- Return to the main Table of Contents at any time by clicking on MANTRA™ Cabinets at the bottom of each page.

If your preferred PDF search method is holding the Control and F keys and populating the search box with item codes or words, we've got you covered.

No matter how you choose to use this resource, we're glad you're specifying MANTRA!

- Wall corner cabinets may be installed flush to the wall (left) or pulled 3" away from wall (right) to accommodate add dimensions in a kitchen design. In either case, the adjoining run of 12" wall cabinets plus a 3" filler will butt against the solid-wood panel.
- When a cabinet is "pulled" it will use proportionally more space, for example, a 30" wide WC, pulled 2" will use 32" of space.
- Blind side of wall corner cabinets cannot be installed next to a range hood unit due to door interference.

NOTE:

All outside stiles are 1 1/2" wide
